1. Bene reviewed the results of the student survey. There were 285 responses received:
 - a) Student Services
 - i. 82% of students prefer open counters and their close proximity for easy wayfinding
 - ii. 83% would like more collaboration spaces that are well equipped with technology
 - iii. 81% would like more one-to-one counseling
 - iv. 78% think floating kiosks, check out and print stations would be helpful
 - b) Library
 - i. 61% of students prefer movable shelving and short stacks for visibility
 - ii. 69% would like to see help desks scattered throughout the space
 - iii. 79% would like to see small spaces to relax and lounge
 - iv. 74% would like to have quiet space for studying and collaboration
 - v. 74% would like outdoor space for studying
 - c) Additional Spaces
 - i. 80% feel it's important to have an on-campus food pantry

The attribute most students gave to describe the new building was Modern.

2. Library Programming Update:
 - a) Steinberg Hart has the information needed for the library programming and will be holding leadership level discussions for the various areas. There are opportunities to build on the results from the student survey.
 - b) Denee prefers the kiosk/pop-up model for student services. She feels this model provides a more "we will be here for you" feel.
 - c) Building level adjacencies were reviewed. The building will be a completely integrated support building and will likely be two floors.
3. Matt discussed the proposed changes to the project name and budget, noting that the name change and budget are subject to Board approval.

4. Next Agenda:
 - a) Bond List Changes (Budget and Schedule)
 - b) Programming Update

5. Next Meeting: August 10, 2020
